Join us for a special one-day event where volunteers will receive training in the morning to identify and count submerged aquatic vegetation (SAV). After enjoying a provided lunch, participants will paddle into the sanctuary to collect valuable data on SAV growth and abundance.

No prior scientific experience is necessary, but previous paddling experience is helpful. Tandem kayaks and life preservers will be provided for all participants. Registration is required, and the event is open to ages 14 and older. All minors must be accompanied by an adult.

Scan the QR code below to register.

RSVP REQUIRED:

Limited to first 15 sign ups, so don't wait! **RSVP by July 1st.**
We hope to see you there!
